NORTH DAKOTA WEED CONTROL ASSOCIATION

WHO WE ARE

The NDWCA was organized in 1983 with a mission to provide the vision and leadership necessary to increase a commitment to effective weed management in ND.

North Dakota's 53 counties are divided into five areas, which compose the geographical boundaries.

Our membership includes county and city weed boards, educators, researchers, and land managers from state and national agencies such as APHIS, US Fish & Wildlife, US Forest Service, US Army Corp of Engineers, ND Game & Fish Department, ND Parks and Recreation Department, Industry and many others who are committed to preserving our natural resources from invasive species.

The NDWCA's goal is to help provide the education, the tools and policy to further the control and management of weeds by County and City Weed Boards, private landowners, and managers of state and federal lands.

NDWCA'S OBJECTIVES

LEADERSHIP

To provide leadership for weed management in North Dakota.

AWARENESS

To encourage and sponsor education and awareness programs in weed management.

LIAISON

To provide the liaison among city and county weed boards, weed control offices, groups, organizations, agencies, companies, and individuals concerned with weed management programs.

ASSIST

To assist the North Dakota Department of Agriculture in the development of effective and efficient weed management programs for North Dakota.

LEGISLATION

To develop and promote appropriate legislation pertaining to weed management.

RESEARCH

To encourage and support research on weed problems and their solutions.

NDWCA Membership Form

Full membership\$275
This allows you to vote and hold office.

Associate membership\$175
Both memberships allow you to attend the area meetings and the convention, which is held the second week of January, and receive quarterly newsletters.
